ELECTRIC MOTION

# ESCAPE

The **Escape** is the touring model of the EM family.

Extend your boundaries and discover new horizons with the abilities and performance of the new **Escape**.

The **2022** model offers an even more powerful motorbike with more torque, a new reinforced transmission and even more premium equipments and finish package.

The new model also features a major innovation with the introduction of **Traction Control!** Don't lose grip and stay in control of your bike in all conditions...

Go beyond the limits and live the adventure with the **Escape**.

*ESCAPE...*

**MAX SPEED\***

# TRACTION CONTROL

EM offers Traction Control on the 2022 Escape model: never lose the grip and keep control of your bike in all conditions...

By definition, off-road riding will offer you extreme conditions in which it is sometimes difficult to maintain control and traction of your bike.

Fortunately, Traction Control provides you the best possible traction to keep control in all circumstances.

Progressive Regenerative Brake

High capacity battery (2.6 kWh).

Warranty stickers

2022 Edition

All of our models are road legal following European norms.

# ESCAPE "R"

The Escape "R" is the ultimate weapon for touring and extreme freeriding.

With its ultra high-end equipment, lines and design, the Escape "R" is geared towards off-road riding.

The 2022 model goes even further, now with the TKO (Tick Over) as standard, the latest performance innovation made in EM, but also the PRB "R" (optional).

With this brand-new version, the adventure is now taken to the extreme. Go beyond the borders and live the adventure with the Escape "R"...

# TKO

TICK OVER

TKO (Tick Over) is the striking innovation of 2022:

Straight from the racing department, the Epure Race is now equipped with the TKO (Tick Over), a major innovation for the riders.

With a constant RPM, the bike gains precision in acceleration and traction. It's a true help to power control at low revs.

No matter your level, switch On or Off the TKO as you need.

# NEW OPTION

## PRB "R"

EM offers the new PRB "R" as an option.

This small ergonomic lever fits on your 2022 **Escape "R"** model in a fitting and practical way.

It offers the performance of a progressive motor brake and regenerates your battery.

This brake system is very safe in extreme conditions, braking is precise and controlled.
